

Chandigarh Golf Club

Dear Members,

It was nice to see golfers back on the course after a 60-day lockdown. I am sure those of you who are playing despite the heat will be enjoying the conditions. The fairways are lush and the greens are playing true. Hope you all are shooting some good scores.

It's encouraging that the members are following the guidelines in the interest of everyone's safety. We are seeing members playing with masks, maintaining social distancing and taking other necessary precautions.

Over the last few days we have screened adequate number of our caddies and maintained records of the same. While still maintaining caution we will continue playing without caddies, but have decided to position spotter caddies on each fairway. These caddies will help golfers spot their ball while still maintaining social distancing from the players. They won't touch any equipment or hand over clubs.

We hope this will mean lesser golf balls being lost, faster pace of play and they will also be filling up the divots to ensure our fairways stay in good shape. The club will make direct payment to these spotter caddies while Rs 100/- will be debited to each golfer who tees off. This will only partly cover the cost and the club will cover the differential. This initiative will surely make golf more enjoyable with lesser time spent in searching for golf balls and the filling up of divots will also be looked after.

With the spotter caddies being in place, the pace of play will improve and we may reduce the time slot between tee offs from 15 minutes to 10 minutes from next week.

We look forward to support of all golfers and hope to see more of you all on the course.

Happy Golfing,

Club Management
